EXPERIENCE

Web Developer

Skavinya Pvt Ltd Mumbai Sep 2024 - Present

- Pioneered modern progressive web app development, improving team productivity and project delivery speed by 30 percent.
- Integrated API functionalities to maintain data integrity and enhance security, utilizing authentication and a Single Sign-On platform.
- Set up a streamlined CI/CD pipeline to automate build, test, and deploy processes triggered by requests in a specified repository.

Front-End Developer

Rego Digital Solutions Pvt. Ltd Pune Jun 2023 - Jun 2024

- Developed and implemented a new front-end architecture using React.js, resulting in a 25% increase in page load speed and a 15% increase in user engagement.
- Collaborated with the back-end team to integrate user-facing elements with server-side logic, resulting in a 20% reduction in server response time.
- Implemented automated testing platforms and unit tests, resulting in a 30% reduction in bug-related delays and a 20% increase in overall code quality.

PROJECTS

Neoskye Inc

Web Developer

- Leveraged user insights to drive the creation of a unique user interface, which improved user engagement by 45 percent within three months.
- Participated in code reviews, contributing to the overall quality and maintainability of the codebase.
- Authored comprehensive test suites as per test cases to validate the functionality and reliability of the user interface.

Quick Review

React JS Developer

- This platform is designed for conducting business reviews, enabling users to share their ratings and feedback for a business while also accessing reviews for other businesses.
- The portal features sales and domain interface. Sales users create demo accounts and handle marketing, while admins manage sales services and monitor business user activities.
